MUSINGS MIL'S

By Richard Milbrodt

WHILE MANY PERSONS SAW the car burning in front of HAZLIP'S drugstore several days ago, a few know that the fire put a man in the doghouse for a couple of days. This Grove husband was sent down to the shopping center by the missus with instructions to "be sure and pick up that hot special at the drugstore." When our man got down to the store, he saw the flames and smoke, forgot about his errand, and set about to help out. Mission accomplished, and two children inside the flaming vehicle rescued safely, our man returned home, gloating with pride the story he could tell his wife. After narrating the experience, his wife sadly remarked, "well, that wasn't the hot special I sent you after" and went to the store herself. Poor guy, his wife just spoke to him a couple of days ago.

SLICK SIGNS SIGHTED: These were painted on those large mudguards required of all trucks, the particular truck being a white semi-truck and trailer, decorated with license plates of several states. On the left side hand painted letters said, "This side passing side" with an arrow pointing left. On the right side were the "This side no passing" emphasized by a large skull and crossbones.

STEVE WESTOVER IS A GRANDFATHER AGAIN, but this time it is a pair of hummingbirds. Nesting in a fir tree, they are so minute, a fly's shadow will hide them. Steve is pretty proud of the fact that they were hatched in his yard. So proud in fact, he is passing out cigarettes. The reason he isn't passing out cigars is that the birds are too small for cigars.

PEOPLE, ESPECIALLY SPORTS WRITERS, are always lamenting about the fate of baseball, our national pastime. Perhaps if we could only get the Yankees out of the American League everything would be okay. After all, most people are getting tired of the Yanks winning every game and every pennant. Without the Yanks, baseball would be exciting again—at least in the American League.

THE OTHER DAY when BOB GAULDIN opened up his shop, a bird flew in and roosted in the

LETTERS TO THE EDITOR

Dear Mr. Goodwin:

I have just received a letter from one of our boys who is in Korea.

Realizing how very much I enjoy your newsy paper I thought perhaps he might enjoy it also, so I sent my copy on to our friend, where it had been received with "open arms."

According to his letter it was like a "breath" from Heaven coming from the home town. He so very grateful.

I trust others who have your paper and who have dear ones away will send their copies to our boys. I am sure it will help to cheer them.

Again thanking you for your paper and wishing you continued success,

Sincerely,
Mrs. A. J. Roberts

Rodeo Fiesta Is Record Breaker

"It was the greatest rodeo we've ever had," said Herb Lipp, rodeo manager for the St. John's Rodeo and Fiesta which closed two successful days Saturday and Sunday.

It is estimated that 15,000 persons attended the affair. About half of them came to see the rodeo events the other half came for the big western barbecue, the square dancing, and the various booths and rides designed to bring joy to old and young alike.

"It produced the biggest paid admission of all time," said Lipp, "and was one of the best behaved crowds I have ever seen anywhere."

The crowds which watched the rodeo saw some 103 contestants vie for \$6,000 in prizes.

W. H. Scott, famed rider, won 40 percent of the biggest purse totaling \$1,800 for his part in the team roping event which he completed in 10 1/2 seconds.

Jerry Ambler, 1946-47 world champion in bucking events, was thrown off a horse in the bucking stock class for the second time in ten years.

Wag Blessing took the steer wrestling event in four seconds.

Wes Curtis, famed rodeo clown, filled in the interludes between the rodeo contests with buffoonery while Buff Brady did a roping act that is tops in rodeo and circus circles.

St. John School building fund will profit from the event, Lipp said.

reference to the City of La Mesa and to its proposed budget is misleading, to say the least, for several reasons. Lemon Grove residents who have lived in La Mesa know of the poor management that has characterized that city. The fact that their budget is padded by 50 percent to their condition. Until the other details of their budget are made known, so we can see what they will get for their money, any references to it, insofar as they affect our proposed City of Lemon Grove, constitute a disservice to the community.

You state that unincorporated areas are in a "fortunate" position, and refer to road improvements in an attempt to prove that contention. Your statement is false, for he refunds on gasoline tax are not available to Lemon Grove for streets and roads. Those funds are handed over to the County and are spent wherever the County so chooses. The poor condition of our streets testifies to the lack of maintenance. Only by incorporation can we be sure that these available funds will be spent in Lemon Grove.

Yes, Lemon Grove needs plan.

More than \$500 is on its way to Donald Smith at Lincoln, Nebraska, survivor of an air crash at Winslow, Arizona, which took the life of his wife, Charlene. More than 50 individual Lemon Grove citizens and several service clubs made the contribution which is aiding in the rehabilitation of Smith.

Miraculously spared the life of Deborah Ann, 19 month old daughter of the couple. The mother perished in the flaming wreckage after the father had tossed the infant clear.

Smith is an employee of Kenny Hall's Service Station on Broadway.

Hall and Reverend John Chandler, pastor of the Trinity Presbyterian Church, made the trip to Winslow upon receipt of the news of the accident.

Townpeople of Winslow exhibiting extreme generosity contributed services to the injured survivors of the plane crash.

The light plane, vacation bound for several including the Smiths, crashed on take off. Mrs. Smith's body has been taken to McCool for burial.

Interest of Lemon Grove residents was aroused when Hall and Reverend Chandler returned from the scene of the accident and told about the financial condition of the family.

Youth Dance Brings \$150 To Summer Fund

Approximately 100 youngsters from the Lemon Grove area converged on the Youth Center Saturday for a benefit dance sponsored by the Youth Center Control Board.

The kiddies spent the evening dancing to Alan Oldfield's music, sipping cokes and punch and munching home-made cakes and cookies.

The dance brought in about \$150 which will be used to give juke box dances for the youngsters during the summer months, according to Mrs. Wayne Johnson, treasurer of the Board.

At a drawing for door prizes a roaster was won by Leo Lampides, 1803 48th Street, a ham was won by Bob Johnson, 7490 Broadway and the electric iron was won by E. Severin.

Announcement of the next dance will be made following the election of officers to the Board at a meeting July 6.

Anyone residing in Lemon Grove, interested in Youth Center Activities, are entitled to vote for Control Board Members and everyone is invited to take part in the Youth Center Activities.

'Parlor Parties' Continued By Incorporation Group Assn.

The Lemon Grove Home Rule Association announced that the "parlor party" program has been so successful it will be extended for another 10 day period. The parlor parties are a method of distributing information on the meaning of incorporation which the Home Rule Association is advocating.

Bob Geitzen, president of the Association, stated that many people unfamiliar with the issue of incorporation for Lemon Grove "have found this to be an informal and educational way of securing the facts surrounding the formation of a sixth class city from the area now referred to as the Lemon Grove school district. Geitzen said that "any one desiring information should gather a few friends in their house for one evening and invite a member of our group over to speak." Speakers for the parlor functions can be obtained by calling H. S. Haag, at H-9-3691.

The Association claims much progress achieved in the concentrated drive to obtain signatures to the petitions calling for an election on the issue of incorporation is due to the "Sign the Petition Week" which concludes this Saturday. The exact number of signatures obtained in the drive will be disclosed next Tuesday evening when the Association will hold a membership meeting at the Grove school. Petition chairman John Dail said that the progress is gaining contributions to the Association will also be announced at the Tuesday meeting. Home Ruleists are currently attempting to obtain the necessary funds required by law for filing the petition. The petition asks the Board of Supervisors to conduct an election within the boundaries of the proposed city for the purpose of determining whether or not the people desire to incorporate. This petition must be signed by 25 percent of the property owners in the area who represent 25 percent of the assessed valuation.

HEARING ALLOWED LA MESA GROUP ON FREEWAY ROUTE

All remained quiet on the Lemon Grove freeway front this week as the California Highway Commission announced it will conduct a public hearing in La Mesa on July 29th on a proposed new location for State Highway Route 198 connecting Route 94 at Campo Rd. with U. S. 80 in La Mesa.

The hearing was requested by the La Mesa City Council and the San Diego County Board of Supervisors.

The location which the commission has under consideration, as recommended by State Highway Engineers is a route projected by a group generally in the Grossmont area. This route runs northeast from Palm Avenue and Campo Rd. swinging

to Bancroft until it connects with 80 at La Mesa Boulevard. It is about a half mile shorter than north just before it reaches Bancroft. It continues north parallel the present State Highway route through La Mesa along Palm Ave. through the central part of the city.

The County Board of Supervisors informed the commission that no hearing was necessary on the Lemon Grove section of the freeway and Commission adopted that routing.

In the case of State Highway 198, however, the commission suspended further consideration of the route until the people of La Mesa and other interested groups, agencies and individuals had had an opportunity to ex-

Not present for the photograph were Lt. Col. James Prenz, USA (ret.), who received Bachelor of Arts with high honors in English and Political Science, and James Womack, who received Bachelor of Arts with distinction in Political Science.

Ten Lemon Grove residents graduated last week from San Diego State College. Receiving Masters Degrees were George Cheever, Tom Summette and Bob Sutton. These three men received their degrees in Education.

Colombos Discover A Market - Davis'

Two week's supply of marketing is what the Colombos face when they "swarm" into Davis Food Center.

John and Madeline Colombo, 3925 Conrad Drive, Spring Valley have four little Colombo tumblers to fill and the project always starts with a visit to the local Davis Market.

"We like the courteous employees," they said in unison.

"John works at Walker's, the Friendly Department Store, in San Diego," said Madeline "and we know the importance of courteous service. That's one of the reasons we always shop here."

"Another reason, and the main one, is that we save a lot because prices, generally, are lower. We save at least three dollars a week here."

The Colombos eye Michael who has an arm load of "groceries" while Paul sits serenely in the basket. The two other Colombo youngsters were "keeping house" until the rest of the family returned from market. Adv.

ning, but only a city can do the planning and the implementation of the needed plans. Last week's Review featured the disgraceful conditions of open contaminated pools in our area. If we have to rely on the County, such conditions will continue to exist. A city would never be allowed to tolerate that situation.

Incorporation is long overdue. We have voted to provide municipal type services for ourselves by means of expensive special districts. We pay a tax rate, higher, for most of us, than the City of San Diego; yet we get nowhere near the services a city can supply.

Let us put an end to this intolerable condition, where we pay high taxes and get little for them. Let us put an end to new special assessment districts and fringe area taxes. Let us return control of Lemon Grove to the citizens. Let us incorporate!

Nu-Way Firm To Move To Broadway

Nu-Way Furniture Company will move from its present location at 3482 Main Street to a new building at 7904 Broadway about August 1 it was announced today by co-owners Charles MacDonald and Harold D. Preston.

The owners said that they were making the move in order to be more accessible to local home owners. The firm started in business in Lemon Grove last January at 3504 Main Street and within recent months moved to 3482 Main Street, a larger store room, in order to handle the increased business.

Effective immediately the firm will conduct a sale to reduce inventory in order to save the cost of moving much of its large stock.

The owners plan an opening event at their new Broadway location, which is across from the new Sprouse-Reitz building, when they are completely settled in that location early in August.

Spring Banquet Hosts Hurst: Jerry Hurst, Helix High Basketball star, was named the outstanding athlete of the spring season at the Spring Sports Award Banquet held a month or so ago in the Cafeteria.

Two hundred people attended the banquet, at which Hurst was given a large trophy. The tall and lanky Helix center scored an unbelievable 227 points in City Prep League play and was one of the most outstanding local performers. Of course, he was the high-point man in City League play.

A welcoming address was made to the athletes and guests by Mr. Benton Hart, Helix principal. Other speakers, introduced by Mr. Ken Maynard, athletic director, were Mr. Ralph Chaplin, basketball and baseball coach; Mr. Ellis Page, tennis coach, and Mr. Glen Otterson, track and field coach. The best athletes in basketball, baseball, tennis and track received letter awards from the coach of each sport.

After the presentation awards, films of the Olympic games were shown by Jack Mashin, Grossmont High Athletic Director, the same films he showed our Hi-1 a few months ago.

15 Lettermen in Spring Pigskin Drills: While Spring football practice was under way, with coaches Maynard in Welbaum at the helm, they figured that there

would be 15 returning lettermen and scores of other capable candidates for next year's football team. If all goes as the experts predict we should finish a weak second or a strong third. The lettermen are: (Backfield) Bob Lebb, Henry Bonilla, Bernie Svalstad, Karl Jordan, and Leo Kenison. (Ends) Edgar Stemen, Neal Curtis, and Jim Ethridge. (Tackles) Dick Gardner and Brian Herald. (Guards) Stan Davies, Norm Crawford, and Ron McGuire. (Center) Wayne Sweetwood. Ones that will be back, that have played, have experience, but didn't quite letter are: Sonny Beyer (B), Don Crooks (C), Bob Adams (E), Tom McCabe (E), Dan Ahrensburg (B), and Bob Merada (G). Likely prospects, and ones up from the JV are: Lloyd Perkins (C), Walt Veronin (T), Jerry Jinnett (E), Dick Young (B), Don Withem (T), Bill Bloom (B), Jerry Rhodes (B), Tom Simmons (T), Tom Welbaum (B), Dick Diedrick (T), plus others. All in all Helix should and will be a top contender for next year. Next week: more on football.

The problem of going to sleep at night is one that bothers millions of Americans. Those people suffer from insomnia, a condition doctors describe as one of the most common they encounter.

Sleep and wakefulness, says Dr. Nathaniel Kleitman, a University of Chicago physiologist, are governed by two nerve groups in the brain, which he calls the "wakefulness center." Sleep cannot come if this center is disturbed by the activities of the cerebral cortex, the seat of man's intellectual processes of reason, judgment, and the like.

Thus the counter of sleep worries over his inability to sleep finds this worry itself stimulates the wakefulness center and makes sleep impossible to woo. Of course a person not inclined to chronic insomnia can also be kept awake by unusual fears or cares.

Scientists know that the human temperature rises and falls once every 24 hours. The lowest period is the ideal one for sleep. Since this period can be regulated by the sleeper's habits, it offers a means for the chronic insomniac to cure his condition without recourse to sleeping pills.

To utilize it, says Dr. Kleitman, the insomniac should set a regular hour, whether in the day or night, and retire to bed at that same time every day. Gradually, his body will become accustomed to the habit, his temperature will begin to drop at the appointed hour, and sleep will come with less difficulty.

Summer Furniture Needs Sudsing

What could be more embarrassing than to have guests arise from your lawn furniture with clothing soiled! This needn't happen, if you start the season by giving your summer porch and garden furniture a good cleaning now. They'll last longer, too, according to folks who make outdoor furniture.

To do the job you'll need a good, stiff brush, a pail of warm soap-suds, a sponge, the garden hose and some clean cloths. Pads and detachable cushions should, of course, be removed and done separately. Wood, enameled metal, aluminum and smooth surface plastics should be given a well-lathered sponging or sudsing with a rough cloth. Use a brush to get into the crannies of wicker, reed, bamboo or plastic webbing, and for the crooks and crevices of metal pieces. Don't neglect the undersides. Dirt and clinging things can cause deterioration.

After the scrubbing routine, rinse well on all sides with a fine spray hose. Wipe off drippy water with dry cloth and stand the furniture in a breezy, sunny spot to dry, thus preventing rust and rot.

Cushions and pads of plastics or woven fabrics, such as canvas, drill or sailcloth, get a sudsy sponge treatment, a rinse with a damp cloth, then a wipe with a clean, dry cloth.

Sun-heated glass may crack when water is applied, so always set glass-topped pieces in the shade to cool before washing.

To wash your "sun-brella," first hose it to flush away loose soil and leaves. Then brush-scrub it inside and out with thick, warm soap-suds. Give it a good hosing and let it stand open in the sun to dry.

Now you are ready to start the summer season. Keeping outdoor furniture clean becomes a weekly chore, and you'll find after a rain is a good time to do it, for nature has helped loosen dirt.

Little Used Annuals With Charm To Spare

For a novel touch and a sense of distinctiveness in the Lemon Grove gardens, plant some of the less commonly seen annuals. Although little known, these plants possess characteristics that make them ideal for certain situations. To make use of them correctly will increase their effectiveness and endear them to the user.

Among such plants suggested by the California Bedding Plant Advisory Board are annual chrysanthemums, godetia and corn-

CORNFLOWER

flower (bachelors-button). All are standard florist shop items, yet they seldom see the protection of a glass or cloth house. They are sun lovers and may be planted in neglected areas, as they will stand considerable drought and lack of cultivation. And all have bouquet-worthy blooms.

For the summer bulb cover, the shallow rooted clarkia, nemesis and linaria have merit. This trio requires little cultivation. They serve as an excellent cover-up for drying daffodil leaves and gladioli stumps or any similar purpose. On you can intersperse them among other plants in a garden bed.

Balsam as a border plant is a long-remembered sight. The flowers are huge double blooms resembling camellias, thick set along the stem. It too, requires sun and a good supply of water.

M. H. Recreation Program Ready

Youngsters at Monterey Heights School built a miniature camp similar to one they will visit this summer during the Monterey Heights Recreational Program. The program, according to Lewis Poluzzi, will get under way Monday, July 6 and will run through July 31.

Other schools in the Lemon Grove Elementary School District have not expressed a desire to participate in this program, so it will be handled entirely by the Monterey Heights School.

Listed on the schedule of events are: a fishing trip to Lake Murray; a visit to Lemon Grove Theater; bike hike to Sweetwater Lake; a roller skating party in El Cajon; field day for all parents; a swimming party to the Coronado Strand; a picnic to El Monte Park; and a camping trip Friday to Sunday—the final week.

All parents are invited to take part in this program as volunteer help is urgently needed.

The latest thing in parties now is a double birthday party and a birthday party where the guests don't know a thing about it. The first one went something like this: Surprise birthday party for Kay Riley 'n Jim Covert thrown by Cynthia Fox 'n Carol Covert. Some of the "gone" guests were Bill Bloom, Pam Lipp, Richard Conde, Cynthia Fox, Ken Riley, Nancy Asay, Leilani Rose, Bud Davis, Carol Covert, Jim Hutchens, Jan Moore, Bob Parsons, Francine Wiley, Jim Covert, Bob Blum, Sandy Hensen, Ron Fix, Patti Culver, Kay Riley, Bob Hutchens, and, undoubtedly, others that failed to meet my eye. Not only was the party "crazy" but it was a beautiful evening for a nervous brawl!

Wayne Sweetwood will steer the Junior Class next year as Prexy, and Phyllis Ehlers will serve as Vice-Pres. Kitty McDowell is Treasurer while Wayne's girl-friend, Sue Bledsoe, is Secretary. Faculty sponsors of the Junior class are Miss Miriam Moore and Robert Carlton.

Miss Majorie Tripp, Helix High Senior, recent winner of a week's trip to the Model United Nations held on the campus of the University of California at Berkeley, and Don Shields, Grossmont Senior, second place winner will speak before the SD Chapter, United Nations Tuesday, July 14 at the House of Hospitality. Twenty Helix High School Cadets have spent over one week at the Annual Encampment of the California Cadet Corps at Camp San Luis Obispo, said Burton D. Armstrong, Commandant of Cadets. Signal Corps demonstrations and rifle firing were the highlights of this training program. Helix cadets that were selected for the past summer camp were: Leon LaFramboise, Art Cornelius, Bill Tye, Burrell Welsh, Gerry Rife, Owen Ward.

The second party I was telling you about also went something like this: Birthday party for pretty Carlene Hovland, a Grossmont Junior was held last Saturday night at her home in El Cajon. Although she was more or less shy on the idea on kids bringing her presents and didn't tell them about it being her birthday, the word leaked out and a few of the gang rustled up something to make her party more enjoyable. Some of the mixed "Gus 'n Gussies and Lads 'n Lassies" were: Marlene Killman, Bob Turnbull, Carlene 'n Harold Alexander, Arlene Fisticuff, Jim Hince, Sally Ivy, Red Bird, Bette Van Sickle, Jerry Jinnett, Pat Capurro, Ralph Richardson, Stella Macktal and Jim Parsons.
